

CERTIFICATION OF LOGIC AND ACCURACY TEST OF ELECTRONIC POLLBOOK EQUIPMENT

I, the General Custodian of Election Records, do hereby certify that the Logic and Accuracy Test of Electronic Pollbook Equipment for the City of Falfurrias General Election was successful.)

I certify that:

- The test successfully verified that the database of voters is correctly loaded onto the system and devices.
- The peripheral devices used with the system were tested and are functioning correctly.
- The test successfully verified that the ballot styles were correctly assigned to each voter.
- The test successfully verified that any ballot issued by the system and any peripheral devices used with the system are being correctly read by the voting system that will be used in the election.

The test was successful and was concluded at 10 AM on 04 / 14 / 2026.
